# DAHLIAS

PRICE LIST 1923-24

## ARCHER & VAVRA *Nurserymen*

LARGEST GROWERS OF DAHLIAS IN THE WEST

7th and Main Streets, Huntington Beach, Calif  
400 North Marengo Avenue, Alhambra, Calif.

This folder is the list of the Dahlias we are growing and have for sale this year, it is not intended as a catalogue as the descriptions are brief; but, is for use mainly in our gardens for checking purposes. You may with this field-list go through our gardens, making your selections, checking them on the list, and placing the order with a minimum amount of inconvenience. A complete catalogue will be ready early in 1924. We will be pleased to mail you one if you will leave your name and address.

Prices quoted are for Field-Grown Divided Roots, which are grown mostly at Huntington Beach, Calif., where growing conditions are ideal, and with no fertilizing. These roots are small in size, making them ideal for shipment.

A much better selection of Dahlias can be made from the blooming plants than from a catalogue, regardless of how complete the description may be; so we urge you to visit our Show and Test Gardens at either Huntington Beach or Alhambra, where we have 700 varieties planted all in one plot so you can walk among them and see each one, you may compare them and make your selection intelligently, knowing what you are ordering by actually seeing it grow.

All Tubers and Plants are guaranteed to be true to name, as grown by us, and to be in growing condition when shipped; should any prove otherwise they will be cheerfully replaced.

Postage will be prepaid on all orders of \$2.00 or more; on all orders for less amounts a charge of 15 cents for packing and postage will be made.

The following abbreviations are used:

cae—cactus	pom—pompom	dec—decorative	hyb—hybrid
pae—paeony	sing—single	col—collarette	show—show or ball

33	Abalone (dec) shell pink.....	\$ .25
